AtliQ Mart | Promotional Campaign Performance Dashboard

Analyzing Campaign Effectiveness, Product Performance & Geographical Trends

Created By: Amit Bisht

Objective

To evaluate Diwali and Sankranti promotional performance across products, categories, promotion types and cities, identify key trends, and provide actionable business recommendations.

Executive Overview

Summarizes overall promotional performance through key KPIs, category contributions, and city-wise volume uplift to provide a high-level view of campaign outcomes.

Campaign & Product Performance

Analyze campaign effectiveness, promotion-wise volume uplift, and product/category performance to identify successful and underperforming promotions.

Geographical & Promotion Analysis

Explore city-wise performance, incremental unit contributions, and campaign effectiveness across cities and product categories.
